Create Your Personal Palette

Create a beautiful and unique colour palette using this colour card as your inspiration. Let your creativity flow freely – and choose colours that resonate with your personal style and vision.

1. Select your colour

Crispy, tranquil, warm, earthy, vibrant or muted. Be creative, choose from the heart.

2. Find your combinations

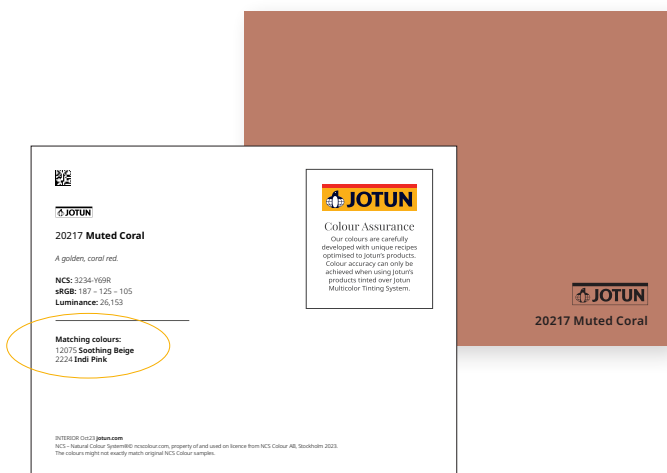

Pair the colour vertically with the colours situated close to your selected hue, to find beautiful combinations. Muted shades are calm, while vibrants bring energy. To find a neutral match, pair the colour with a wide selection of neutrals in the right part of the colour card, preferably with the same characteristics as your chosen colour.

3. Choose your paint and gloss level

Elevate your walls by choosing from our wide range of high-quality, long-lasting interior paints. Play with different gloss levels for a more complex colour experience.

Find Colour Samples Instore

On the back of the large colour samples, available at Jotun retail outlets, you will find recommended colour combinations from our colour experts. Each colour sample is created with real paint, allowing you to see its true representation.
