Jotun Protects Property

Car Park Solutions

Jotafloor

SUPERIOR FLOOR PROTECTION

Almost a century protecting property

Committed since 1926

Since 1926 Jotun has been on a mission to **protect property** in every corner of the world. It began with a solution to one of the greatest challenges at the time – protecting ice going vessels travelling to the Southern Ocean from corrosion.

Today we protect assets in a wide variety of industries such as **energy, shipping, infrastructure and floors** – truly supporting any endeavor our customers take on.

Elevate your car park with *Jotafloor*

Your car park is a crucial gateway and reflects your commitment to quality and safety. Whether it's a commercial lot, residential area, or retail structure, its condition speaks about your attention to detail.

With Jotafloor Car Park solutions, you get more than just flooring—you get a foundation of excellence. Our durable, innovative surfaces are designed to handle heavy use and harsh conditions, while enhancing every visitor's experience and making a lasting impression.

What's in store for every floor?

Each level faces its own challenges. Harsh UV radiation on the rooftop, heavy abrasion on ramps, chemical spills in basement levels, and so much more. You need to be ready for everything.

Thankfully, our suite of Jotafloor Car Park Solutions handle it all.

FROM ROOFTOPS

TO BASEMENTS

WE'VE GOT

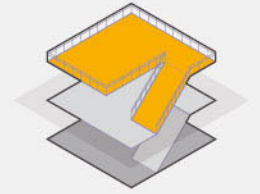

YOU COVERED

LET'S TAKE
A DRIVE

Rooftops

The roof deck faces the most extreme conditions: blazing sun, abrasive sand, pouring rain, and of course, the wear and tear of countless cars.

Jotafloor EP GLASS FLAKE

Solvent-free epoxy that is reinforced with glass flake. Designed to withstand abrasion and impact making it suitable for floors that go through extreme wear and tear.

Benefits You'll Love

Crack Bridging

Water Resistance

Chemical Resistance

Slip Resistance

Impact Resistance

Superior Mechanical Properties

Recommended System

Product	DFT, μm	# Coats
Jotafloor Easyflow Primer HS	150	1
Jotafloor EP Glass Flake	300	1
Jotafloor PU Topcoat	60	2

Jotafloor PU TOPCOAT

Excellent weather resistant and durable finish to the system with solvent-based polyurethane coat. It offers resistance to a wide range of contaminants and provides perfect finish for longer period.

Benefits You'll Love

Wide Range Of Colours

Easy Application

Easy Maintenance

Longer Pot Life

UV Resistant

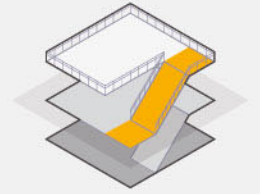

Recommended System

Product	DFT, μm	# Coats
Jotafloor Easyflow Primer HS	150	1
Jotafloor Non Slip Aggregates	Fine	1
Jotafloor PU Topcoat	60	2

Three white downward-pointing chevrons are stacked vertically on the left side of the text.

HEADING DOWN

Ramp and turning circle

Ramps and turning circles face intense stress from tight turns and frequent vehicle movement. A robust, slip-resistant coating is essential to withstand high abrasion, prevent skidding and ensure durability.

Jotafloor EP GLASS FLAKE

Solvent-free epoxy that is reinforced with glass flake. Designed to withstand abrasion and impact making it suitable for floors that go through extreme wear and tear.

Benefits You'll Love
